## Web Experience

### Pixel Army

*Lead Designer  // Jan 2022 - Present*

Designed UI/UX, web & mobile interfaces, logos, graphics, and marketing materials for over two dozen client companies using Adobe Creative Suite.

Collaborated with development, project management, and marketing to deliver high-quality products on time.

Implemented industry-leading accessibility standards and design trends for improved user experience and compliance.

### Technology Alberta

*Website Specialist (Volunteer)*
*Nov 2021 - Present*

Led a team of volunteers in implementing usability features and improving website performance and accessibility.

Developed and launched multiple WordPress websites.

Managed SEO and security and troubleshot technical issues.

### Freelance Work

*Sep 2021 - Jan 2022*

Used Adobe Creative Suite to design and HTML, CSS, JavaScript, PHP and MySQL to build websites from scratch for both clients and personal projects.

Created a GitHub library of small projects in my free time.

## Other Experience

### Save-On-Foods

*Team Member*
*Jul 2017 - Jan 2022*

Developed critical-thinking and collaboration skills while achieving flexible and dynamic sales goals through direct customer interactions

## Education

### Northern Alberta Institute of Technology

*Sep 2019 - Dec 2021*

Learnt UI/UX design, HTML and CSS, JavaScript, React, PHP and MySQL, C#, SEO, WordPress, Joomla, jQuery, Bootstrap, Adobe Photoshop and Illustrator, visual communication, photography, database design, and more.

Achieved Dean's Honor Roll and a 4.0 GPA and graduated top of my class.
